

Reset all settings to default

In the setting of the CRM ([administration/add-ons/crm](#)) there are 2 buttons: **Delete all records and reset settings to default** and **Delete all records**

Delete all records and reset settings to default: all your settings and records will be removed. And the initial settings.

Delete all records: delete all records of the following directories: Companies, Contacts, Products, Transactions. The directories that you have created, records will be saved.
